

VRL Fall 2020 Procedures

Because of Covid-19 social distancing requirements and the need to sanitize equipment before and after each use, the VRL will be open to users only by appointment during the Fall Semester. If you wish to use a scanner or to drop materials off to be scanned, please email me in advance so that we can work out a scheduled time for that to happen. A form for new acquisition scanning requests is available on the VRL section of this page of the website: <https://art.unc.edu/about/facilities/> and can be emailed to me. At the moment, the VRL will be open from 9 am-3:30 pm MWF (I teach at 4 on those days), but may expand to some T/Th morning hours once I have staff in place. Every visitor to the VRL must be wearing a mask, and we have hand sanitizer to be used prior to working with equipment. The VRL door will remain closed during opening hours and all users must knock to be admitted, so please give us a minute to get our masks on and get to the door. Thank you for your help in making this work safely for everyone!
