

Pearman Grants

APPLICATION FORM

The Pearman Fund supports both Studio Art and Art History undergraduate majors in the Department of Art and Art History. Students may apply for funds to subsidize individual research or special projects that fall outside routine class work. We also accept group applications for collaborative projects such as group exhibitions or other outreach. Funds can be for supplies, services, or travel as long as you can justify the expense as contributing to some creative research. Art majors apply directly to the Director of Undergraduate Studies in their area. Applications are ongoing, and awards typically range from \$100-\$500, depending on available funds and demand.
